PREFACE.

Again we wish a happy new year and present to the people of CAMBRIDGE the forty-seventh edition of the city directory for 1898. It has been our aim to provide a directory creditable to the city here represented and as throughly useful and trustworthy as could be desired. The live business men realize the value of our pages for advertising purposes, that no such permanency can be secured in ephemeral publications as is offered in a volume of such wide and general consultation as a city directory. Every business man has need of the directory, and strangers gain a deal of information from a well compiled volume of this kind. A well ordered, well printed and complete directory reflects credit upon the community it represents, and that is what the publishers mean to furnish. The business men and general public can help us to fulfill this purpose and benefit themselves by a generous patronage.

The directory this year being printed before Jan. 1st, 1898, we have been obliged to omit some of the officers of the Misscellaneous Societies, they not electing in season for publication.

With thanks to our patrons and assurances that the CAMBRIDGE DIRECTORY will be kept up to the standard, we remain

Respectfully,

What our customers say of our work.

FROM WORCESTER LODGE, No. 56, I. O. O. F.

WORCESTER, MASS., May 24, 1897.

MESSRS. LOMBARD & CAUSTIC,

Gentlemen:— At a regular meeting of Worcester Lodge, No. 56, I. O. O. F., it was unanimously voted to extend a vote of thanks to you, and also to express our very great satisfaction at the excellent manner in which you performed your part of the work on our Historic Address. It more than meets our expectations and is a fine piece of printing in every particular. We only regret that we have not more work we could give you. Should we be at any time able to serve you, please advise us.

Yours respectfully,

FRED A. POLAND, *Secretary.*

"Grand Secretary Perkins has issued the proceedings of the grand lodge for 1897 in a handsomely printed and carefully edited pamphlet of 314 pages and cover. The book contains finely executed portraits of Grand Master Corkhill and Past Grand Masters Fred C. Davis, Levi F. Warren and James M. Price. The book in style and arrangement is the best yet issued by the grand lodge, and reflects great credit upon Grand Secretary Perkins and his assistant."—BOSTON HERALD.

Two Blows, all-out signal

Twelve Blows, repeated once, Military Call

5-5 No school signal, given at 8.15 A. M., 12.45 or 1.15 P. M.

INSTUCTIONS TO KEY HOLDERS.

Alarms to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go. Each box contains a small bell which, if heard before you pull, indicates that an alarm has been previously given, and by listening at the box, you will learn the number of the box from which the alarm was given, but in no case will you pull the hook while the alarm is striking. After giving the alarm, remain at the box, so as to direct the firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

First alarm will be given by striking *three* or more rounds.

Second alarm will be given by repeating the first.

Third alarm will be given by striking *three blows twice* on the gongs and bells.

General alarm will be given by striking *three blows three times.*

Horseshoeing Establishment

11 PALMER ST., CAMBRIDGE.

THE SCIENCE . . . . .

Of Horseshoeing will solve the question of the two-minute trotters. Having shod and operated upon all classes of horses, from the draught horse to some of the greatest trotters of the world, and meeting with such marvelous results in the cure of an almost numberless variety of lameness, we are fully justified in making the following statement to all owners of horses.

WE WILL IMPROVE AND CURE . . . .

Ninety-nine per cent. of all lameness and faulty actions (such as hitching, hobbling, forging, interfering, etc.), that percentage in our judgement being the result of improper shoeing. We will substantiate this claim to the entire satisfaction of the owner. Our method of treating lame horses is the science of balancing, symmetrizing, and expanding the foot combined in the art of shoeing. Horses kept at work and in training while being treated. All horses brought for treatment are thoroughly examined free of charge. All work done under the supervision of D. L. BOLGER, D.V.S. (Graduate McGill College, Faculty of Comparative Medicine, and Veterinary Science).
